

Diaper Project

Help keep babies clean, dry and healthy

United Way of Mid Coast Maine

Mid Coast babies need your help!

United Way's Diaper Project was on track this year to distribute over 120,000 diapers to help keep over **500 area children** clean and dry. We distribute them through food pantries, Head Start, WIC, home visitors, and other agencies serving low-income children and families. Right now, with the strains caused by the coronavirus pandemic, local families need our assistance more than ever.

Unfortunately, in this environment, we have found it **impossible to purchase the bulk amount of diapers that we need to keep the Diaper Project running.**

What can you do to help? We need diapers size 3-6.

If you have access to diapers, or can find some available for purchase, **please consider donating them** to the Diaper Project. They can be mailed to United Way of Mid Coast Maine, 34 Wing Farm Parkway, Bath ME 04530, or they can be dropped off in the collection bin outside the building by the main entrance.

Also, if you know of someone who might be able to help The Diaper Project find a more reliable and steady source of diapers, or if you have other suggestions or ideas please contact Mary Gaul Wallace at mgaul@uwmcm.org

Thank you in advance for your help. We are all in this together!!
